

GOULBURN VALLEY REGION

Mental Health Services Provider List January 2016

An Australian Government Initiative

When making a referral, please include a Mental Health Treatment Plan.

Adult Mental Health Services for mild to moderate mental illness (ATAPS)

Provides therapies for people from hard to reach groups that include people who are less able to pay fees; carers with a diagnosis of mental illness; culturally and linguistically diverse communities; Aboriginal and Torres Strait Islander peoples; and people in remote areas.

Child Mental Health (ATAPS)

An early intervention service delivering evidence based short term psychological strategies to children under 12 years of age (and their parents and or guardians where appropriate) who have, or are at risk of developing, a mild to moderate mental, childhood behavioural or emotional disorder.
