

CUTANEOUS, SUPERFICIAL SKIN CANCER IDENTIFICATION, TREATMENT AND REFERRAL

Date: Thursday 17 March 2016
Time: 6.00pm Registration 6.30pm Presentation
Location: Sebastians Restaurant 65 Goulburn Valley Hwy Shepparton
Presenters: Dr Zee Wan Wong, Goulburn Valley Health, Dr Wesley Miles

Topics

An integrated and interactive presentation between Specialists and General Practitioners on cutaneous, superficial skin cancer in Australia. The presentation will cover melanoma, basal cell carcinoma and squamous cell carcinomas in Australia, which has the highest incidence of skin cancers and the highest incidence of cancer in the world.

Learning outcomes

- The identification of clinical symptoms and signs to assist in the diagnosis of superficial skin cancers.
- The understanding and appropriate application/utilisation of diagnostic modalities.
- The understanding and appropriate application of treatment modalities including topical therapies (chemotherapy creams, cryotherapy), surgical treatments and superficial radiotherapy.
- The understanding of appropriate referral pathways for their clients/patients.
