

HEPATITIS C NEW TREATMENTS

Primary Care at the frontline

An Australian Government Initiative

Date: Thursday 3 November 2016
Time: 7.00pm – 9.00pm | Registration and light supper at 6.30pm
Location: The Royal George Hotel, 24 Piper St, Kyneton, 3444
Audience: GPs, Nurses and any clinicians working with people who live with hepatitis C

Presenters and panellists:

- Dr Jessica Howell, Consultant Gastroenterologist | St Vincent's Hospital
- Gabrielle Bennett, Victorian Viral Hepatitis Educator | St Vincent's Hospital
- Dr Paul Grinzi, General Practitioner and Hepatitis C S100 provider | Romsey Medical Centre
- Lisa Stothers, Hepatology Clinical Nurse Consultant | St Vincent's Hospital

Overview

Ground breaking new interferon-free treatments that cure hepatitis C in over 90% of patients were listed on the PBS in March this year.

Learning outcomes

- Outline the global and national impact of hepatitis C on the public health of communities.
- Discuss transmission, testing and management of hepatitis C
- Assess the suitability of the new DAAs for your patients based on side effects, drug interactions and precautions.
- Detail the monitoring requirements for people with hepatitis C.
- Understand the new guidelines in relation to section 85 and how to remotely consult with specialists when initiating hepatitis C treatment.
- Be aware of local services/ alternative models that can support and treat people with hepatitis C*

- Murray PHN is an authorised provider of accredited activities under the RACGP QI&CPD Program. This activity has been approved by RACGP for 4 Category 2 points. Activity Id: 51361
- Participants may be eligible for CPD points from the Australian College of Nursing (ACN) and the Australian Primary Health Care Nurses Association (APNA).
