

Starting a nurse clinic in wound management | Virtual workshop

- Date:** Wednesday 17 August and Thursday 18 August 2022
- Time:** 9.30am to 12.30pm each day
- Location:** Online via ZOOM
- Presenter/s:** Jo Millard (**Project Officer and Nurse Educator**)
Margaret Dempsey (**Project Officer and Nurse Educator**)
- Australian Primary Health Care Nurses Association (APNA)
- Cost:** This event is provided at no cost by Murray PHN

Overview

This two-part APNA nurse clinic virtual workshop (the “how to” of starting a nurse clinic) will provide the necessary foundational skills for participants to confidently consider, plan and develop a nurse-led wound management clinic.

Part one: Wednesday 17 August

Topics: Setting the scene; a clear plan; develop a model; evaluation, staffing and human resources.

Learning outcomes:

1. Describe the importance of planning and goal setting in establishing a nurse-led clinic
2. Identify available tools to evaluate a nurse-led clinic.

Part two: Thursday 18 August

Topics: Funding; risk management; patient engagement, and barriers and enablers for starting a nurse clinic.

Learning outcomes:

1. Discuss enablers and barriers which impact on the establishment of a nurse-led clinic
2. Identify funding sources to support a nurse-led clinic.

Accreditation: 6 CPD Hours

Register by: Monday 15 August 2022
